MISS HARVEST QUEEN OF 1960 Karen Gove of Belle Glade and her court appear here in their entrance pictures due to an unavoidable delay in the receipt of the coronation picture taken Saturday at the Jaycee-sponsored contest. A picture of the judges suffered a similar fate.

Glades Royalty Time:

Karen Gove Is 1960 Harvest Queen

Seventeen-year-old Miss Karen Gove became 1960 Glades Harvest Queen at the seventh annual Belle Glade Junior Chamber of Commerce Harvest Queen Pageant Saturday night at Belle Glade High School auditorium.

The diminutive Belle Glade High School junior, daughter of Mrs. Genevieve Gove, received the crown, at the conclusion of the judging, and 32 contestants' elimination, from Miss Paula Parson, last year's winner.

Karen, a petite, hazel-eyed blond, is 5' 3" tall, weighing 105 pounds is the smallest Harvest Queen in the history of the contest. She is the third Belle Glade winner in a row and the fifth in seven years.

Other Winners
Judges picked Miss Brenda the top 11 finals were Iris Carter, daughter of Mr. and Blum, Sonja Figueroa, Jaye H. L. Carter, of Pahokee, Kirchman, Saralynn Poole, J. as second-place winner. A sen-

member of the Spanish Club and Lettermen's Club for her work in the band.
Miss Pat Anderson, daughter of Mr. and Mrs. Frank C. Anderson, Belle Glade was third-place winner. A sophomore at Belle Glade High, Pat is head majorette for the band and teaches a group of younger girls the art of baton twirling.

Prizes
In addition to a weekend trip to Nassau, the queen received \$100 worth of clothing and an eight-week modeling course. Prizes of \$50 and \$25 worth of clothing went to second and third-place winners. Each contestant received a necklace for the occasion.

Other Finalists
Other contestants named in the top 11 finals were Jaye Carter, daughter of Mr. and Blum, Sonja Figueroa, Jaye H. L. Carter, of Pahokee, Kirchman, Saralynn Poole, J. as second-place winner. A sen-

Jane Ryals, Pahokee.
Coronation Ball
Miss Gove reigned at the coronation ball following the contest at Belle Glade National Guard Armory. Many couples spent an enjoyable evening dancing to the music of Art Giles and his orchestra.

Entertainment
Intermission entertainment was provided by Donna Koe's "Precisionettes" of Wilton Manor, Fla., an organization of band twirling young ladies, sponsored by the Ft. Lauderdale Jaycees.

Previous Winners
Just for the record, other winners of the queen tiara have been: Mrs. Delores Abbott (1954), Gae Schoepel (1955), Mary Belle Schlechter (1956), Margie Gail Ammons (1957), Jeanette Buss (1958).

This year was a record for the number of contestants, 38. The previous high was 32 in 1956.

Can't Shop At Home

We're singing "The Old Payola Rock Blues" this week for the few candidates running for office who raced to the coast for campaign literature and political cards to be printed in what they termed "union shops" over there.

Seems they were tipped off by somebody that the union printers would shy away from their levers at the polls if they patronized "non-union" shops for their business.

We'll get some of the candidate's business one way or the other, but we'll get it with quality service and humble attitudes.

We just thought we'd remind everybody that we non-union folks vote, too. We're primarily Democrats out here.

Let's hope these "union shops" won't continue to influence those candidates who are elected.

PARTNERS IN PROSPERITY

Self interest and collective interest are one. If our community prospers, we prosper. If the community goes backward, we all lose. Our interests are here. Let's keep our money where our interests lie. When we patronize outside merchants the money we spend can never be used toward the growth of our community.

When spending money here, we invest it, and the investment will pay dividends in making our

Candidates Came But Public Didn't At C Of C "Coffee"

Nearly all of Palm Beach County's crop of potential elected office seekers were present at the first Belle Glade Chamber of Commerce coffee hour Tuesday morning at Dixiana Grill.

Politicians outnumbered the public at the meeting; however, those present appeared pleased to speak with so many candidates at once.

A second coffee hour for still more candidates will be held at 9:30 on Apr. 26 at the same place for the purpose of allowing the public to meet their candidates.

Commenting on the success of the affair, Executive Secretary L. L. Price, of the Chamber said, "Evidently the public isn't too interested in meeting their candidates. We hope greater interest is shown at the next meeting."

It was unusual to note that incumbent Port of Palm Beach commissioners Gleason, Stambaugh and Billy Burns, both unopposed in their bid for reelection, were among the guests.

This year marks the first time in the history of the port authority that incumbents faced no opposition for re-election.

Four Escapees Returned To Jail, One More Sought

Four of the five Negro convicts who recently escaped from Glades State Prison have been taken into custody, according to D. R. Large, prison superintendent.

Paul Bush, Dade County Negro serving life for murder, was captured late Mar. 23 after he walked away from a work crew Mar. 22. The 31-year-old Negro was apprehended near Vinegar Bend as he hid in a junk car.

He has been taken to West Palm Beach for trial for escape.

Reportedly, two custodial guards took one of the men from the cell block to take him to the hospital. Upon their return, the guards were grabbed. Officers Profit and Keene were bound and gagged; threatened; and Profit was slightly cut.

Otis Jones, 34, serving four years for breaking and entering from Perry, Fla., was apprehended in a warehouse near the back fence the next day.

Claude Wallace, 39, serving time for breaking and entering from Rustia, Fla., was apprehended at Osceola Center while hiding under a dwelling.

Deputy Sheriff Thel York made the arrest at gun-point as he hid under House 40. The sheriff's office was called at 12:30 a. m. Monday; the arrest was made at 8:30 a. m.

Monday's Sale Had 41% For Slaughter

Forty one percent of the 475 cattle at the Monday Glades Livestock Market sale went to slaughter. Gross receipts were \$48,967.52 and 25% of the run was cows.

Compared to the previous week, slaughter cattle sold steady except cows which sold 50 cents to \$1.00 lower in spot.

Stocker prices (137) 14.75-22.00; heifers (12) 15.50-20.75; calves (62) 9.00-28.75; cows (91) 10.50-21.25; bulls (4) 17.00-18.25.

Greater Celery Movement Recorded Other Produce Items Moving Slowly

Although celery shipments from the Glades increased during the past week and a heavier supply of beans were noted, total shipments declined from the previous week.

The largest shipment of celery for the year left the Glades by truck and rail during the past seven days. Four hundred and sixty cartons equivalents, 225 by rail alone, failed to push the total movement past 785. The previous week saw 834 cartons move from the area, 422 of them celery.

Celery prices ranged from \$1.25 for 30 crates to \$1.50 for 45 and \$2.25 for 65 and 85. Corn supplies were light with sales at \$3.75 for five-dozen crates.

Escarole sold mostly at 90 cents, a few lower; endive was \$1.00-1.10 with low demand. Radishes were moving in good volume at this time of the year at 85-90 cents.

Largest single day's movement in the past week was 193 on Mar. 25. Total movement by truck and rail since the season began is 13,650, down 2,409 cars.

Prison Sewerage Nearly Completed

All underground sewerage has been laid and work is nearly complete for Glades State Prison. The sewerage system, according to D. R. Large, prison superintendent, is about two weeks to be completed.

The force main from the prison has already been completed on SR 715 to a point near Chosen bridge ready for connection to the City of Belle Glade's main force main.

Driver examinations are being held today at the American Legion Hall, according to Examiner E. L. Keiser. This is for one day only. Examinations are held on the regular days at the City Hall.

Our Glades Census Workers Will Begin April 1st

The 18th decennial census of the United States gets underway April 1, according to Mrs. Phyllis Pierce, Glades area crew leader for the U. S. Department of Commerce Bureau of the Census.

Mrs. Pierce will supervise the enumeration of residents in an area from the Martin County to the Broward County line bounded on the west by the Hendry County line to a point just west of Lake Worth.

Some 20 White and 10 Negro co-workers will help with this area's census which is expected to take 13 or more working days in April. Preliminary national results are expected to be announced late next month or early in May.

As the explained the tremendous task to be done, Mrs. Pierce urged citizens to cooperate with the enumerators when they call. She pointed out that refusal to provide correct answers to census workers is punishable by fine or imprisonment.

Census figures, and data are used for a multitude of purposes which directly and indirectly affects each person, Mrs. Pierce said.

Principally, the apportionment of representation in the Congress and in the legislatures of most states is based on official census figures.

Glades merchants have not enjoyed the best season on record during the past couple of months. A slight lull has shown up as a result of the Yankees passing us some of their cold weather.

We can't blame merchants for an occasional gripe when anticipated volume sales are replaced in part with merchandise lingering in stock... but we still say — the money is there. There isn't the shortage in spending that we might think.

The answer — we believe — is to direct that spending to home businesses. If the major spending by Glades folks were to be suddenly and mainly concentrated in home stores the results would be astounding.

City Officials Still Studying Pay Revisions

An announcement is expected soon from city hall concerning Belle Glade's civil service classification and pay schedule survey for city employees, according to City Manager C. B. Talmadge.

Made at the request of the City by Florida State University's Bureau of Governmental Research at a cost of \$1,000, the survey has been undergoing a series of workshop studies among city officials, the civil service board and city commission.

All facts concerning the report have not been made public. Talmadge said the survey needed examination by officials before release to the public.

At a meeting Tuesday afternoon and again last night, Frank Blitt and John Nelson of the FSU bureau were present to continue their explanation of the survey.

Although \$10,000 was budgeted in the current fiscal year, it is understood that the workshop sessions were necessary to see how far the money could be made to go in covering pay raises for civil services employees.

Today Is Last Day For Paying Taxes

Today is the last day for paying county taxes, they become delinquent April 1, is the reminder of Mrs. Edwina Young at the Glades Office Building. Today is also the final day for filing Homestead exemption.

If you have not filed your personal property Tax there will be a 10% penalty assessed starting April 1.

Between April 1 and April 7 there will be a 3% charge on the real estate taxes that are delinquent and a 1% charge on personal property taxes.

Taxes may be paid at the Glades Office Building.

Registration Deadline

Voter registration books at Glades Office Building will remain open through Saturday, Apr. 2, 9 p. m., according to Mrs. Mae Pope, manager.

All unregistered voters are urged to register before the deadline in order to be able to express an opinion in the coming elections, she said.

What To Do

After the housewife or person at home has identified the caller as an official enumerator, they should present their advance census report and invite the worker inside where information is transcribed to official records. At every fourth house, picked at random without prior regard, certain official questions will be asked.

Some of the extra-questions concern economic information, marital records, amount of schooling, where information is transcribed to official records. At every fourth house, picked at random without prior regard, certain official questions will be asked.

In all cases, information is strictly confidential. No one receives an individual's answers except enumerators and reviewers of the Census Bureau.

Call Backs

When the census taker answers the worker's call, a call-back card will be left at the house unless the advance census report is delivered in a conspicuous place for the worker. Every effort should be made to be home at the time the worker indicates he or she will return.

Mrs. Pierce urges patience and cooperation with census workers. Their efforts and your response will benefit the schools, hospitals and public

Troop 621 Roughs It At Camporee

The Boy Scouts of Troop 621 of the Everglades Presbyterian Church found the going rough at the Jubilee Camporee celebrating the 50th Anniversary of Scouting in America, held at the Boy Scout Camp area near Jupiter, March 26th and 27th.

This was a wilderness-type camping trip in accordance with the pack light theme being observed by troops all over the Nation. Those that didn't pack light soon realized the value of doing so long before they reached their respective camping areas, which in some cases represented a hike of almost a mile.

The weather was perfect and the boys were willing. With this combination and a good background of camping experience, Troop 621 came home with their 3rd straight Camporee Blue Ribbon for camping proficiency.

Adults attending were R. H. Lewis, Scoutmaster, C. E. Haines and F. H. Thomas, Assistant Scoutmasters and scouts, Marilyn Felsing, John Bamford, Danny Lanier, George Towell, Jim Ludlow, Lane Creech and Eddie Haines from the Woodsman Patrol. Larry Keebler, Glenn Wolf, Gene Hollingsworth, Jeff Altman and David Johns from the Cobra Patrol.

This was one of the largest Camporees ever held in Camp Tanah-Keta, with almost 700 Scouts, Explorer Scouts and Adult Leaders in attendance.

Cub Scout Den 9 Goes Out Onting

Den No. 9 enjoyed an outing to Slim's Camp and had a hamburger fry. It was their first outing and they were well behaved. Their Den mother, Mrs. T. G. Mayo accompanied them. Earlier in the month the assistant Den mother, Mrs. H. T. Moore, sister to Mrs. Mayo took the boys on a trip to the local Fire station which was interesting and they learned many things for the future.

Den No. 9 members are Brian Moore, David Mayo, Mike Lovell, Paul Willie, Ray Carlson, Ronnie Smith, Wally Lutz, Pete Parrish and Quinon Crawford.

Service Column

Recruit Ray H. Taylor, son of Mr. and Mrs. Hilton Taylor, P. O. Box 162, Belle Glade, Fla. is presently assigned to Company C, 3rd Battalion, 1st Training Regiment of the U. S. Army Training Center, Infantry, at Fort Jackson, S. C. where he is undergoing eight weeks of Basic Combat Training.

He will be taught rifle marksmanship under the U. S. Army's TRAINFIRE program which enables the modern soldier to become a better rifleman in less time than previous methods. In this program, most of his training will consist of firing his rifle at pop-up targets at unknown distances on terrain which duplicates combat areas.

As a climax to this first phase of training, he will march with his battalion in a review before the commanding general of Ft. Jackson. This ceremony is witnessed by relatives and friends of the trainees who attend the "open house" held by each company on graduation day.

Girl Scout News

The Custard Apple Neighborhood met at the Scout hut with Mrs. Reginald Lewis chairman, presiding.

Mrs. Emil Wolfe and Mrs. Ethel Johnson, Mrs. T. Boynton of Pahokee and Mrs. Fred White troop consultant presented the revised information of the Glades Camporee to be held April 22-24 at Pahokee.

Mrs. Johnson director of Day Camp appointed Mrs. Lewis, Belle Glade's Brownie Unit leader and helpers Mrs. William Hayes, Mrs. Leo Danilieviet, Mrs. Davis Kikliergh and Mrs. Don Collier of Pahokee. The Day Camp will be held at Pahokee, the first session on June 13, four day week and June 20 for four days.

Announcements were made of the Leaders Summer Training Course to be held at the Methodist Church in Pahokee on April 7, 9:30 to 2:30 p. m. and April 8, 9:30 to 12 noon; that the cookie sale is incomplete at the present time.

Mrs. Leo Danilieviet was appointed to fill the position as secretary of the Custard Apple Neighborhood Association.

Brownie Troops 253 and 281 are meeting jointly at the Scout Hut Thursday at 2:30 p. m. Recently slate of officers was elected as follows: President, Gretchen Danilieviet; secretary, Cynthia Luce, treasurer, Diane Fessell.

Flag bearers are Lucy Jones, Rosanne Wood and color guards are Patricia Green, Janis Kidder. Leaders are Mrs. Danilieviet and Mrs. Herbert Busbin.

Cancer Crusade

Custom has tagged April first as a day for practical jokes and horseplay, but not for hundreds of dedicated Cancer Crusade volunteers.

There is nothing funny about April Fool's Day for Cancer Crusaders—for it marks the opening day of their annual public education and fund campaign.

Glades volunteers for the Crusade this year include Willis Warren, Belle Glade; F. S. Parrish, Pahokee and Mrs. G. H. Tucker, Canal Point.

Details of the drive and more information on co-workers will be announced next week.

Civitan Will Elect

Today Belle Glade Civitans select officers for the coming year at the club's luncheon business meeting at Ray's Smoke House at noon, according to Civitan President James Williams.

Officers will be installed later and will take office July 1.

Hot tip for Chilly Families!

In fact, Gold Bond Twinsulation installed in your attic not only keeps your rooms warmer in winter; it also keeps them cooler in summer.

The fine-safe rock wool, an excellent insulator itself, together with the full-aluminum reflective blanket surface provide a double bar against the passage of heat either way. Wherever the blanket faces a minimum 3/4" air space, its surface reflects back radiated heat.

So you see, Twinsulation keeps heat where you want it all year round—outside in summer, inside in winter. Makes your home more comfortable; pays for itself in permanently lower heating—and cooling—bills. Simple to install.

Stop by for a look at samples, application details, quotation on your attic area.

Glades Faces Problems Concerning Expected Population Boom

EDITOR'S NOTE: The accompanying article was written with the cooperation of Manager J. W. Mosley, Florida State Employment Service, Belle Glade, with the use of material contained in a recent U. S. Department of Labor survey. The information contained in this, the first in a series of articles on how the population boom will affect the Glades, will be presented at a later date to many of the civic organizations in the area to acquaint as many as possible with the problems our community faces.

A report just released by the U. S. Department of Labor points with some feeling of alarm toward the next decade

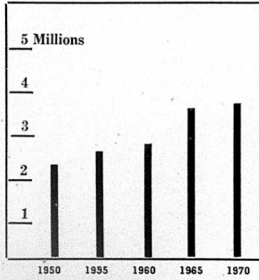

with respect to the tremendous growth in population and the complications that such an event will bring.

The problems involved in coping with a national problem have a great deal of significance to our own Glades area. Mechanization and automation are two phases of the problem. More and more, our agricultural industry is becoming modernized through the use of machines. When a machine is created to do the work of one, two or a score of workers, the community, state and nation is faced with the problem of what to do for these unemployed.

In the past ten years, the Glades itself has become mechanized, and more of it is on the way. In just the past ten years the radio harvesting has become mechanized. Celery work has been helped with machines. Plowing and other phases of cultivation have become large-

Young People Reaching 18 Annually 1950-1970

(U. S.)

GRAPH ABOVE shows that the number of young people reaching age 18 in 1960 will be about 2.6 million. The number will increase to 3.8 million by 1965. Regardless of a predicted leveling off between 1965-70, labor force of 18 year olds will remain at about same level by 1970.

by a one-man job. A machine to harvest beans and eliminate the large forces of labor normally is now being tried experimentally in northern harvesting operations.

Outlook
The employment outlook for

the decade starting in 1960 and based on the assumptions that we will have relatively high economic activity, a continued improvement in scientific and technological advances plus the absence of war indicate from figures projected by the U. S. Employment Service.

What are we going to plan for this increase? What further steps can be taken to provide for the working population? The answers to some of the questions in this problem will be discussed in subsequent articles furnished by Manager J. W. Mosley of the Florida State Employment Service.

Lenten Meditation

The Secret Of Greatness

By Rev. August Koerber

"He that is great among you shall be your servant." St. Matthew 23:11.

The trouble with the Scribes and Pharisees was that they were not practicing what they preached. Yet they demanded special honors because they were the teachers of the people and pretended to be very pious. They were little men who deserved only contempt.

Jesus Himself came "not to be ministered unto but to minister." He rendered the greatest service ever seen among men whom "He gave His life a ransom for many."

John Newton once said: "If two angels were sent down from Heaven, one to conduct an empire and the other to sweep a street, they would feel inclination to exchange jobs." All employment which renders a service is honorable. No one ever need be ashamed of honest work.

On the other hand no one should be proud if God has given him work to do which brings him the acclaim of the world. "Whoever shall exalt himself shall be abased."

God Himself will honor us in His own good time when we seek humbly to do His will.

Junior Dept. Heads Conduct Study Course

Teachers and General Officers of Junior Department 1 and 2 and Junior Department 3 and 4 met at the home of Mrs. C. L. Williams Monday night at 8 p. m.

The devotion was given by Mrs. Julius Harris, a teacher of 10 year girls. Her topic was "A Life of Service."

Mrs. Genevieve Cove, a teacher of 11 year girls, conducted the first two chapters in the Study Course "Jesus The Teacher." During the discussion period, much contribution was made by Dr. Hill, pastor of the church.

A desert course of apple pie with whipped cream and coffee was served by the hostess. Mrs. Lloyd Strayer assisted Mrs. Williams serving.

Others present at this meeting were Mrs. Eddie Schoepel, Mrs. J. R. Nutt, Mrs. George Rudolph, Mrs. Josephine Hayes, Mrs. J. F. Slack, Mrs. Zeke O'Farrell, Mrs. Grady Edwards, Mrs. Sam Hill, Mrs. F. Saunders, Mrs. J. L. Smith, Mrs. Jack Little, and Mrs. Jack Little.

In addition to election of officers and installation reports on the highlights and activities of the year were given.

Churches Of Christ Scientist

Overcoming of fatigue and weariness through entirely spiritual means will be a theme dealt with at Christian Science services this week.

Scriptural readings in the Lesson-Sermon on "Unreality" will include the following from Isaiah 40:28.

"Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increaseth strength."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (385:15-18): "Constant toil, deprivations, exposures, and all untoward conditions, IF WITHOUT SIN, can be experienced without suffering. Whatever it is your duty to do, you can do without harm to yourself."

I Knew A Man!

By S. S. Hill

I have met many wonderful people in my life. I would like to tell you about one of them. This man was capable, in fact, he was a man of ability, especially in dealing with other men. One day, he and two other men went into business together. It so happened that each of these men did some under-counter business — for his own personal gain. My friend was not quite as clever as the other two, therefore, they soon put him out of business.

He then went into business for himself. Business was slow, and the future looked very dark. One day, as he was tidling along, he seemed to hear a clear voice speaking to him. It said, "You have left God out." It was tremendously impressed and disturbed. After some days of serious thinking, he surrendered his life to God, and then decided to take God as his partner in business. This experience gave him a new out-look on life, and he soon realized that success was inevitable.

After many years as a successful business man, he declared, "the Church is the greatest institution in the world."

I can truthfully say, he was one of God's greatest Christian laymen. His influence was felt from shore to shore — among all ages and peoples.

There is a place for you, business men, in our Churches! Come with us, won't you?

THE PLAY'S THE THING, as Bill Shakespeare said, Seniors at Belle Glade High School are running through their paces and lines in preparation for tomorrow's annual play. Mrs. Nedra Hill, director, checks the script here while the other actors sketch a mythical scene. Genie Crichfield fuses with her play husband over the pending marriage of Marilyn Matthews (seated) to Brooks Whitlock who does the proposal bit.

See Senior Play Friday!

The whole town's talking itself are all ready for their presentation. A matinee performance for the seventh and eighth grades will be presented today during assembly.

The public is urged to attend Town's Talking, the biggest formal presentation Friday, April 1 at 8 p. m. in the high school auditorium. Admission price is 50 cents for children, seniors, lighting, publicity, programs and the cast.

A Peek At A Ball

We wonder who all went to the Harvest Queen Ball. There was a big crowd and everybody seemed to be enjoying themselves.

The coronation dance was nice, Karen Gove, the 1960 Harvest Queen, and her escort Billy Mackey looked nice on the dance floor. Karen had on a pretty floor length green gown.

Looking around the dance floor we saw Marianne Tillery with Jet Morgan and Gerhea Tatum with Clarence Throop, nice huh.

Iris Blum was there with a real cute guy but she didn't find out who he was.

Jerry McKee came all the way from Lake Placid to go to the dance with Pat Polson and they looked sharp together.

Sonja Figueroa and Ronnie Perkins acted like they were enjoying the dance. How about it kids?

There were a few couples who were just full of laughter all the time: Bobette Crews and her escort, Jo Berryhill and Thurman Kimp, Janet Kirk and Robbie Walker, Sandra Moten and Wayne Ingram, Barbara Kersey and Weldon Cardon. How about it kids? How was the dance? Fun huh?

Did you know that Linda Rhymes had a date with Doug Thompson that night and looked cute?

Genie Crichfield was there with a cute guy but we didn't find out who he was.

These two kids look swell together. Marilyn Matthews and Sidney Pearce. What do you think?

Pat Anderson and Butch Bass, Annette Collins and Charles Wilson, Saralynn Poole and Fredie Forsee, Eileen Lindrose and Eddie Mikovsky, all seem to be having them a good time.

I saw Mary Martin there with some fellow, but I have never seen him before so I don't know who he was. Who was he Mary?

Here is one couple who was dancing up a ball: Florence McBride and Carlos Sloan. They enjoyed it tremendously.

Martha Brent and Charles Lutz, Sandy Buckner and Roger Walker were also keeping the dance floor warm. They must have been having a good time.

Jenny Austin was there and seen like she was having a good time.

Most of the teenagers started leaving around 12:30.

The Harvest Queen affair was certainly a highlight of the season.

Lake Worth Nips Ram Attack, 6-2

Belle Glade's Golden Ram baseball team received its first setback of the 1960 season Friday from Lake Worth when the Trojans capitalized on some Ram fielding errors and won, 6-2.

Billy Love led off the scoring with a single which scored Frank Matthews from second in the bottom of the first. Lake Worth tied the score in the second as Ronnie Fullwood walked then scored on Gary Lawrence's double.

Kelly Ward, who plagued the Rams during the basketball season, continued his trouble making with a single to left which scored Lawrence.

Four errors by Rams in the fourth inning and one hit by Errol Hicks accounted for four more Trojan runs. The barrage chased starter Homer Frasura in favor of Ron Hudspeth who controlled the Trojans for three more innings.

Hudspeth's fifth inning single scored another Ram run, but the Rams couldn't find the difference. Lake Worth was 2-1 after the third.

Clewiston Sweeps Golf Contests

Both Clewiston and Seacrest beat Belle Glade in a golf contest played Mar. 21 at Clewiston. The Tigers also dished Seacrest in team play.

Clewiston beat Belle Glade 13-14 to 11-5; Seacrest beat Belle Glade 10-5 while Clewiston won from Seacrest 8-4 to 5-4, according to BGHS Coach Bill Burke.

Mickey Philips of Seacrest was lowest with 77. Individual scoring:

Charles Lockmiller of Belle Glade lost 1-1/2 to 1-1/2 to both teams: Joe Fontaine and Ronnie Connell lost 3-0 to both teams. Darryl Wood lost 2-1/2 to Seacrest and 3-0 to Clewiston while Hub Spooner won 3-0 from Seacrest but lost 3-0 to Clewiston.

Baseball Game Friday

Belle Glade plays host to the Florida Boys School from Boca Raton in their fourth baseball game of the spring season. The Rams are 2-2 for the season with wins over Forest Hill and Okaloosa. The Rams visit Okaloosa for a return match with the boys' school on Apr. 22.

Bandsman Of The Week

This week the female sex holds the spotlight as a girl is selected for "bandswoman" of the week.

Karen Vadaz is the girl and the flute is her instrument. Karen is one of the few remaining "oldtimers" in the band having been a member for nearly six years.

Besides having the responsibility of leading the flute section, she also serves as accompanist for all the solos played by other students.

Out of solo competition last year, Karen decided to enter piano classification this year. She was superior in competition last week. Her selection was "Etude en Sospiro" by Franz Liszt.

Karen's ability and "good nature" has been a great factor in making the Belle Glade Band a successful organization.

Armed Forces Visitors

Belle Glade High School will host an Armed Forces day Friday when representatives from the U. S. Army Navy and Air Force will speak with senior boys and girls about the advantages of service with their respective branches.

Conference Golf Begins Here Apr. 8

Belle Glade's golf team wound up their spring season Mar. 25 after a contest with Clewiston and Stuart. The Rams enter conference competition at Belle Glade Municipal Golf Course Apr. 8.

Clewiston topped Belle Glade 10-5; Stuart beat Belle Glade 8-2 to 6-2 while Stuart beat Clewiston 10-2 to 4-2. Bailey of Stuart was low for the day with 78. Belle Glade's low man, Charles Lockmiller shot an 89. Lockmiller lost to Clewiston 1-1/2 to 1-1/2 and lost to Stuart 3-0.

Joe Fontaine lost 2-1 to Clewiston and Stuart. Darryl Wood lost to both players 3-0. Rennie Connell lost to Clewiston 3-0 but won 2-1/2 to 1-1/2 from Stuart.

Hub Spooner beat Clewiston's player 2-1/2 to 1-1/2 and beat Stuart 3-0.

BGHS Gals Beat Seacrest In Golf

Belle Glade's lady golfers of Belle Glade High School beat Seacrest Mar. 21 4-0. Margo Averill was low for Belle Glade and Seacrest with 85 for the nine-hole event.

Anna Marie LaChance beat Barbara Van Hoven 1-0 with a 74-93 play. Pat Wilkinson beat Jo Henderson 1-0 with a 67-97. Margo's 56 topped a 68 effort by Pat Grady while Iris Blum beat Judy Hres in a sudden death play-off, 66-67. Jane Young was three strokes under Louise Mot's 87 to end the play.

Clewiston Drops Rams 6-4 Mar. 23

Clewiston tripped Belle Glade Mar. 23 in a baseball contest, 6-4 as a bevy of errors spelled trouble for the Rams.

The Rams opened the scoring in the top of the first on a double by Billy Love with scored Matthews, who had walked. The Rams picked up two more in their half of the third on a single, a walk and a double. Mann added another run in the fourth after being hit by a pitch and passed balls did the rest. The Tigers tore into the Rams for five runs in the fifth. The Rams opened the sixth with hits and one walk, then eased in another on a walk, one hit and a bevy of passed balls in their half of the fourth.

Cheerleaders Vie For Varsity Slots

Finalists for the 1960-61 varsity cheerleaders will appear before a Belle Glade High School assembly program in the near future for selection.

Exact date of the program was not announced. It was expected that members to be added to the following finalists: Cathy White, Becky Hill, Jayne Kirchman, Mary Mathewson, Kay Cross, Janet Rhymes, Francis Ball, Pat Polson, Linda Lutz, Linda Rabin and Jo Berryhill, this year's captain.

The team cheerleaders will be selected later.

Beatnik Dance Features Prizes

Belle Glade Glee Club sponsored a beatnik dance Mar. 18 at the high school cafeteria. The room was decorated with dry ice, crepe paper, rags and balloons.

Principal Pellon Morris presented awards to the two "most beautiful" in attendance, Darryl Wood and Linda Goforth.

Harry was dressed in white trousers, tennis shoes, sweat shirt, false beard, beret and dark glasses. Linda wore black tights with straight black skirt slit up the side, red sweater, beret and dark glasses.

Others were dressed in black turtlenecks, sweat shirts, berets, jeans, and others had sloppy-tailed shirts. Man, they were beat.

Punch and cookies were served. Chaperones were Mr. Tedwell, Mr. Lake and Miss Merrie Terter.

First Annual DCT Banquet Held For Employers And Other Guests

Principal John McDonald of Palm Beach High School was guest speaker at the first DCT Banquet given by students for employers and other guests at Ray's Smoke House at South Bay Friday, March 25 at 7:30 p. m. Mr. McDonald spoke on general education and stated there was a place for every type of program in the school system.

Henry O. Earwood, member of PBC school board also spoke on the student's responsibility in the DCT Program and the responsibilities of the students to employers throughout the county.

Grady O'Farrell, president of DCT was toastmaster for the banquet and did an excellent job. All the students introduced themselves and their employers. All of the employers were present for making the banquet a quiet success and DCT Coordinator Wayne K. Fortenberry, said he expected DCTers will make the banquet a yearly affair.

The banquet menu consisted of fried chicken, mashed potatoes, string beans, beets, garlic bread, tossed salad, iced tea or coffee and for dessert apple pie a la mode. Everyone heartily enjoyed the dinner.

All DCT students were present. Griffin Bell, Jane Betts, Barbara Kersey, Mary Goforth, Carolyn Markham, Hannah Powell, Ronnie Bowen, Ray Tyler, Jerry Rhymes, Diane Williams, Billy Schoenfeld, Grady O'Farrell, guests included Dr. Douglas Wilson, Dick Poston, Albert Grigsby, Mrs. Margaret Cobb, Mrs. Imogene Goodlett, Luther Jones, E. Steadily increasing enrollments at Belle Glade High School were confirmed last week following tentative registration clinics held for eighth and ninth graders at Belle Glade High School.

With no additions to the physical plant set for next year, Belle Glade High School faces overcrowding in classrooms and expects to receive only two—possibly three—new teachers to relieve the burden. By September, 1961 the situation will be worse, school officials believe.

Some increase in the 1960-61 curriculum is expected with the additions Agriculture III, Industrial Arts III and Home Economics III already set and revisions in advanced math classes in the planning stage.

Social Studies and English classes are apt to get the worst squeeze with 40 students or more expected for most classes. While the school expects to lose 60 seniors in June, 180 seventh graders enter the high school jurisdiction. This figure would bring the present enrollment to 812, and normal entries from other schools are not accounted for in this estimate.

This year's enrollment fluctuated between 679 and 756 pupils. Teachers units, the scale on which a school's faculty needs are computed, depend on average daily attendance. This school's average is lower than it should be, officials believe. At any rate, the lower attendance figures guarantee only two more new teachers where it is expected that more will be needed.

Due to these problems, as much preregistration and scheduling as possible takes place during spring school weeks.

Those participating were Sydney Binkley, Pat Anderson, Cherry Bridges, Ginger Crichtfield, Craig Bots, Barbara Wolf, Ronnie Geckler, Gloria Smith, Karen Vadaz and Sammy Gumbull.

Judge of the solos was Jack Williams, band director at Winter Park High School.

Convention Delegates Beta Party Being Planned

Belle Glade High School Student Council members met Mar. 23 to choose John Thornton, Sonja Figueroa and Marianne Tillery as delegates to the last Student Council convention at Vero Beach Apr. 28-30.

The council also decided to sponsor an assembly program talent show with prizes for outstanding talent.

Elections of next year's officers will take place in the near future with the student body voting directly for their leaders.

Officers include Stewart Boots, president; Stevie Kaufman, vice president; Linda Wilder, secretary; Mary Goforth, treasurer; and Mrs. Roberts, sponsor.

Mysterious Death Case FFA Dinner Winner Ruled Exposure To Cold

The case of Lula Mae Cook has been closed by the Glades office of the Sheriff's Department, according to Deputy Sheriff Bobby Newman.

Lula Mae, a Belle Glade Negro woman, was found dead in a field near Hooker Highway Mar. 6. A pathologist at West Palm Beach declined to make an autopsy to learn the exact cause of her death.

Newman said Roosevelt Ballard, Belle Glade Negro, was released after intensive questioning in connection with the woman's death.

Newman said Ballard was overheard confessing the Cook woman's death.

Easy Money? ... Sell something you no longer need with a Classified ad. WY 6-2056.

Richard Barrett, a Belle Glade High School student, was the second dinner-for-two award of the Agriculture Department with four A's and two B's in the last six weeks, according to S. S. Lovell, Ag instructor.

Barrett's prize will take him to Dixiana Grill for an evening in what has been described as an incentive program for academic progress.

Woman's death, but investigation seemed to indicate that Ballard was confessing his negligence in not looking after the woman as a contributing factor in her death, and not that he was not implicated in any other way.

Newman said he assumed the woman died of exposure to cold.

Damage Is \$1,600 As Vehicles Hit

The collision of a truck and automobile on SR 80 late Saturday afternoon, about two-tenths of a mile east of South Bay resulted in approximately \$800 damage to both vehicles, the Florida Highway Patrol reports.

According to FHP Trooper J. E. Monroe, a car driven by Steve Leggett, Jr., South Bay Negro, attempted to pass three other vehicles and failed to see the Florida Power & Light maintenance truck attempting a left-hand turn.

Leggett's car struck the truck causing it to over turn. Gilbert M. Olson, Canal Point, driver of the truck was not injured, Monroe said.

Leggett was charged with failure to have his vehicle under control.

Migrant Advisory Group Holds Meeting

Among those attending the Annual Meeting of the Florida Christian Ministry to Migrants at Avon Park, March 23 and 24 were the following Glades people: Mrs. H. C. Graham, Child Welfare; Miss Jane Plummer, Public Health Nurse; Mr. and Mrs. James Eberly, Migrant Ministry; and Mr. and Mrs. O. B. McClure, farmer, all of Pahokee. From Belle Glade there were Mr. Romon Navarro and Miss Mary Frances Navarro representing labor, Mr. William Glavin, Mr. and Mrs. Julian Griggs, and Mrs. Ocella Letherman of the Migrant Ministry; Miss Mary Ann Marshall and Miss Margaret Taylor of the Migrant Health Project, and Mr. and Mrs. Walter Schlechter, farmer.

Mr. Ralph Moss of the Florida Industrial Commission spoke on trends which will affect migrant labor in the next three or four years. "We can expect an increase in citrus production; a decrease in agricultural production in South Dade and Broward counties as farm land is sold for homes and industry; we can expect a 10% increase in labor demands in east Palm Beach County because of trends of tomato production; the western

end of the county looks stable with perhaps a 5% increase in acreage and labor to be expected... Fewer beans, more corn and celery. The Immokalee area can expect an increase in agriculture because cheaper land is expanding farm expansion. As to long range predictions he said, "No one can predict far ahead. It might look as though the market could take no more celery, for example; but if somebody invented vitamin-rich celery juice or something, celery production might shoot up. Or if science develops a bean plant that matures all its beans at once making mechanical picking practical, our labor picture would change fast."

Dr. C. L. Brumback reported on the health aspect of migrant workers. "Money has been made available for additional public health staff in migrant areas so that services available to the general public can also be extended to the seasonal population." He also reported progress on a plan for handling cases on the same basis as indigent residents.

Mrs. Monica Owen who works with the National Council of Churches in a migrant ministry covering 33 states said, "There are two counties in the United States which have done an outstanding job of adapting public health services to meet migrant needs. They are Palm Beach County, Fla., and Fresno County, California. She also mentioned that of all the housing projects built across the nation during Farm Security Days to house agricultural workers, only those in Florida have been really well preserved. Mrs. Owen also said, "Agriculture is now in the throes of finding ways and means of giving its labor a square deal just as industry was several decades ago. There are now more bills in Congress relative to improving opportunity and conditions for farm labor than ever before. We are on the threshold of change."

Mr. Fred Rice of the Dade County Schools said, "Education gives the most basic solution to the migrant. It takes education to get the most out of money. It takes education to get out of migrant work into something more stable." Noting that much failure in school, either academic or vocational, is due to poor adjustment in school lack of motivation and self-discipline.

Four Escapes (Continued on Page Eight) time for second degree murder from Immokalee was found in that city.

Ulysses Fuller, 37, serving a sentence for auto theft, is still at large. All face charges of assault, escape, robbery (a watch was taken from one of the officers) and possession of a weapon, which could net them a maximum of 40 years each.

Large said certain corrective measures had been taken to discourage further attempts at escape by the inmates.

Solicitation And (Continued from Page One) in his internal account and appoint a committee to allocate it to the different charities at the time of their "drives." It is, therefore, the policy of this board that as of the date of apportion, there will be no more "drives" in the schools that call upon children to give money. This does not apply to special school activities such as dances, etc."

plined, he looked to kindergarten training with great hope. "Preparation for school in kindergarten could mean a great deal to migrant children who have more than the ordinary adjustment to make because of interrupted schooling, arriving late, leaving early, etc., as the family follows the harvest."

Other facts which came out during the presentations and discussion were: the average migrant gets in 151 days of work per year earning an average of \$600.00 per worker; 36% of the time they cannot work because of the weather, travel between jobs, etc. Although wages for industrial laborers have risen steadily during the last 15 years, wages for farm laborers have changed little since 1945. The growers pointed out that while they might like to see migrants have a minimum wage and more job security, they cannot do it individually without pricing themselves out of competition. A minimum wage might have come every where at once so all farmers would have the same chance, the same boost in cost, and the price increase would go on to the consumer as it does in industry. The discussion brought out the complexity of the problem.

Rev. Paul Cassen told of the small beginning of the Florida Christian Ministry to Migrants 12 years ago with a budget of \$4,500. This year the budget is \$36,000 there is work in nine areas now, and a new ministry is being opened in the Ft. Myers section next year.

Although the migrant problem is tremendous and complicated, it is not beyond the ingenuity of man and the power of God to bring a square deal to this segment of American labor.

AGRICULTURE COMMISSIONER CANDIDATE W. R. (Buster) Hancock (right) greeted State Representative Emmett S. Roberts warmly upon the arrival of the Hancock caravan at Belle Glade Tuesday morning. Some 500 well-wishers attended a barbecue rally at Pahokee Monday night prior to Hancock's overnight stay at Belle Glade. Between the pair is L. V. McCelland, Glades Veterans Service Officer; behind Hancock is E. A. Lindrose.
